1. Check each submittal item that you are deferring on the checklist.
2. Please ensure that the deferred submittal documents and or plan changes are reviewed by the architect or engineer of record. The drawings must have a notation indicating the revisions or that the deferred submittal documents have been reviewed by the architect or engineer of record and that they have been found to be in general conformance with the design of the building.
3. Deferred submittals and Revision documents and drawings must be submitted and approved prior to the construction/installation of the deferred or revised item. A stop work order will be issued if unapproved work proceeds.
4. Two (2) copies of drawings and one (1) Copy of plans are required for revision submittals, for **FIRE** department submittals please submit (3) copies of drawings and (1) Copy of plans.

	<input checked="" type="checkbox"/> <b>Deferred Item</b>	<b>Date</b>		<input checked="" type="checkbox"/> <b>Deferred Item</b>	<b>Date</b>
	Revision			Fire Detection System	
	Fire Sprinkler			Truss Calculations	
	Fire Alarm			High Piled Storage	
	Fire Line/Hydrants			Racking	
	ANSUL System			Other:	
	Commercial Grease Hood				

I certify that the above information is correct, and understand that incorrect or missing information will cause the application to be rejected, resulting in delays for the applicant. I understand that additional plan review fees will be charged for deferred items and or revisions.
